What is Stonetium?

- Technically, it is a flexible **STONE LAMINATE**
- Hand crafted from **100% Natural** stones
- Extremely versatile applications
- Timeless art
- Integrate living spaces with touches from Mother Earth

Where can you use Stonetium?

- Interiors ■ Walls ■ Ceilings
- Light panels
- Backsplashes ■ Furniture
- Bathroom/ Shower area
- Decorative panels / Pillars ■ Exteriors
- Commercial venues/ Offices

Why Stonetium ?

- As our logo states: **CUT, BEND, PASTE**. Using StoneLam is really that simple.
 - Lighter in weight ■ Easy to transport ■ Faster to install
 - No compromise over compact urban spaces
 - More economical to use than full-dimension stone veneer
- Can be applied to any substrate - Concrete, Metal, Plywood, Masonry, Drywall, Cement
- Excellent alternative to Heavy stones, Chemical paints, Wooden paneling, Wall papers
